April 2018

WELCOME

We would like to extend a warm welcome to our new staff members. Ms. Michelle Regan will be taking over the position of writing teacher. Ms. Regan comes to us with 8 years of teaching experience. Ms. Jane McGlynn is moving over from the main office to being a classroom assistant for the annex. We also welcome Ms. Emma Torres who has become part of our food services staff.

MATH COUNTS AT BRIDESBURG

This year our students are benefiting from the Math Counts Program. Math Counts assists teachers and students in all grades so that they can be more successful in all areas of math. This grant program also allows Mr. Noah Wagner to come to our school to help teachers and students several days each month. Our math tutoring program is also paid for through this great grant opportunity.
